

3 Point Shootout Contest Rules

- Shooters will have 60 seconds to make as many 3-pointers as possible.
- Men shooters will use the provided men's regulation size ball
- Women shooters will use the provided women's regulation size ball.
- Only legally attempted shots, both feet behind the arc at the release of the ball, will count.
- Each shooter needs to have a designated rebounder for the entirety of the shootout, or may have a member of the Rec Sports staff rebound for them.
- After each 3 point shot, the shooter *must* move to a different location around the 3 point arc. For example: moving around the entirety of the arc OR moving back and forth between only two locations around the arc.
- The top 4 shooter's from each division (men's/women's) will advance to the finals.
